

# ENVIRONMENTAL PRESENTATIONS *AVAILABLE FOR YOUR CLASSROOM!*

Learn about mangroves, bonefish, and the vital role they play in our Bahamian culture and economy in a free classroom presentation with the chance to win prizes!

## BTT BAHAMAS OUTREACH AND EDUCATION PROGRAM

is now booking in-classroom presentations for students grade 4 level and above. These are available free of charge to student and adult groups on all islands in The Bahamas, as well as opportunities for a guest speaker at summer camps. The topics explored around mangroves are relevant to content in the BGCSE examinations. There is also the option to pair in-classroom presentations with a field trip component. After the presentation, students have the opportunity to win prizes in a Q & A session!
